Friend Garrison

8 Please give the accompanying call a prominent place in the Liberator.

I shall feel greatly pleased if you will forward me a series of resolutions such as you would like to have adopted by the Convention, that they may be submitted to the appropriate Committee for consideration.

Can you not also share the time to prepare a short address to the Free Colored population of the United States, by way of encouragement to hope for better times, & not to be misled by arguments in favor of emigrating. If you will prepare such an address I'll present it to the Convention should you not be here yourself, that the Convention might send it out under their sanction.

Your Friend
